

TimePocket Layout and Style Plan 1

Style Plan:

- First draft of logo
 - o Needs to be re-made to be even, potentially made into a vector file.
 - o Can be used with or without text.
- Fonts
 - o Verdana is used throughout the planning, however Trebuchet MS and Courier New could be used instead in the final version.
 - o These three fonts were chosen because they are all fonts available in HTML by default.
 - o The two unused fonts could be used as backup fonts.
- Colours
 - o The blue colour palette is used throughout the planning and is intended as the main colour palette.
 - o The alternate colours could be used in customising the layout for the user.

Verdana
Trebuchet MS
Courier New

Main colour palette: Blue

Alt. colour palette: Green

Alt. colour palette: Purple

Alt. colour palette: Yellow/Orange

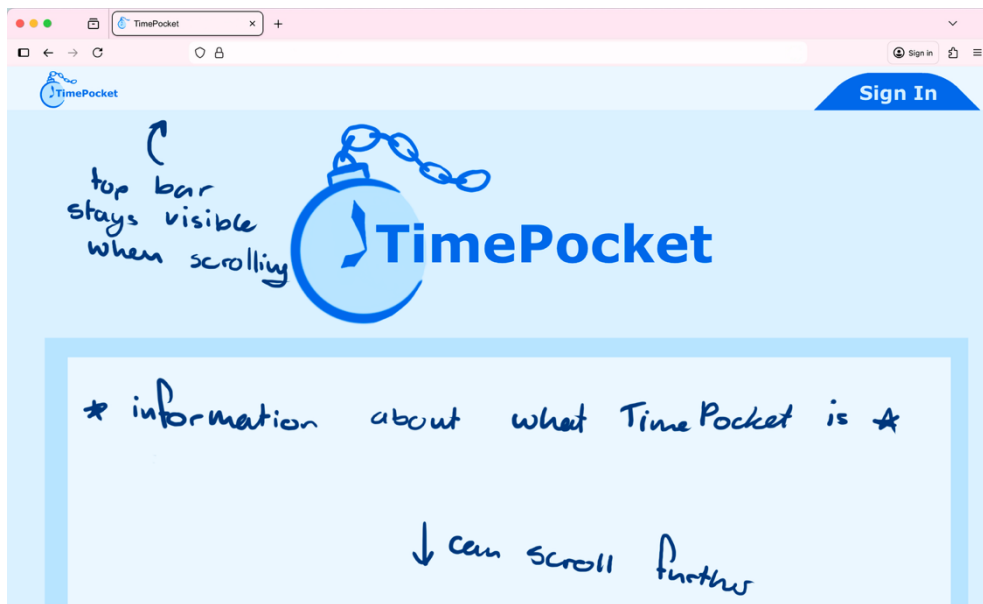

Alt. colour palette: Pink

Layout Plan:

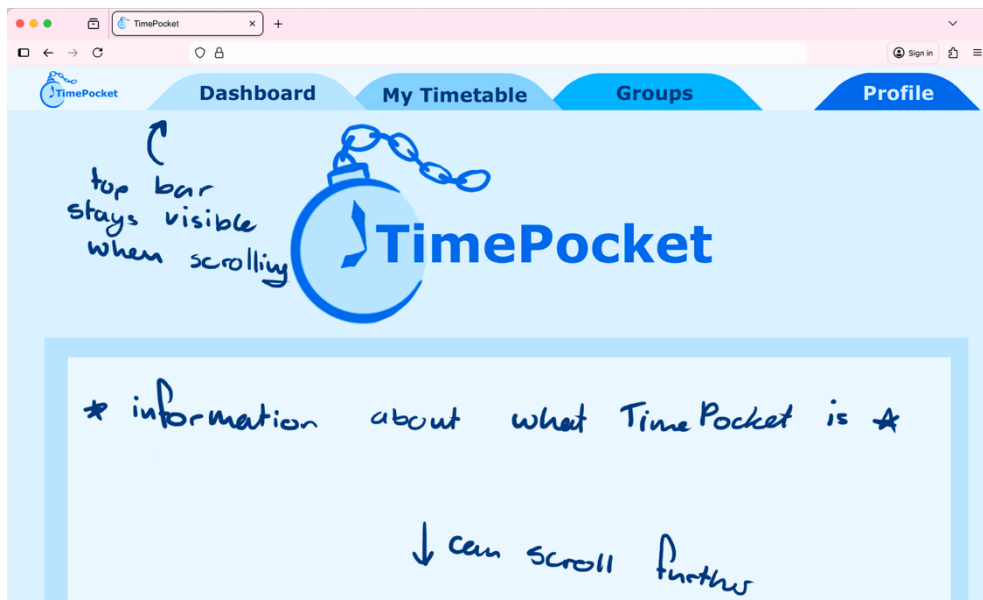

Note: These sketches were based on an outdated version of the page list.

- Home Page

- Visible to all site visitors, whether they are signed in or not.
- Accessible via clicking the site logo in top left corner.
- First page seen on launch of website.
- If signed in, other main page tabs are visible. If not signed in, "Profile" tab is replaced with "Sign In" tab in top right corner.
- Contains information about what TimePocket is and how it works.

Home Page: Not signed in

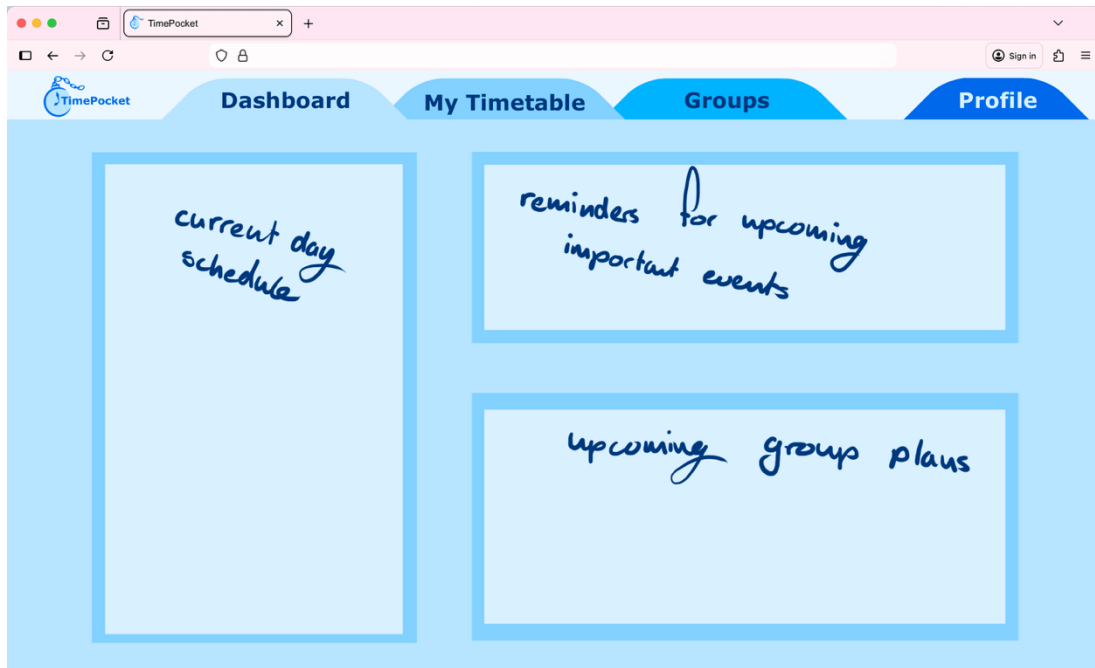

Home Page: Signed in

Notes transcribed:

- Top bar stays visible when scrolling
- Information about what TimePocket is
- Can scroll further

- Dashboard
 - o Pseudo "home page" for the user.
 - o Contains information regarding the current day, upcoming events and group activities.
 - o Not on plan: has a section containing notifications.

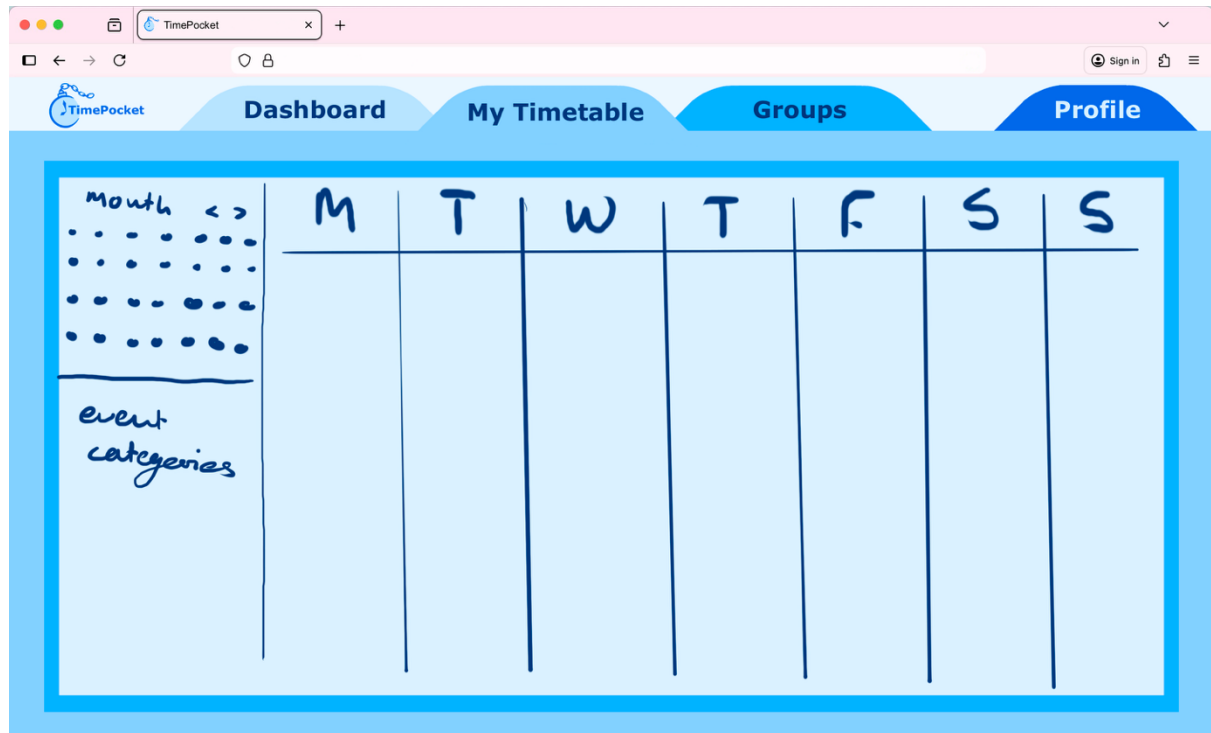

Dashboard

Notes transcribed:

- o Current day schedule
- o Reminders for upcoming important events
- o Upcoming group plans

- Personal Timetable
 - o Contains the user's personal timetable.
 - o Not on plan: needs a button for creating new events.
 - o This sketch will likely need a lot of changing as we work on the timetabling system.

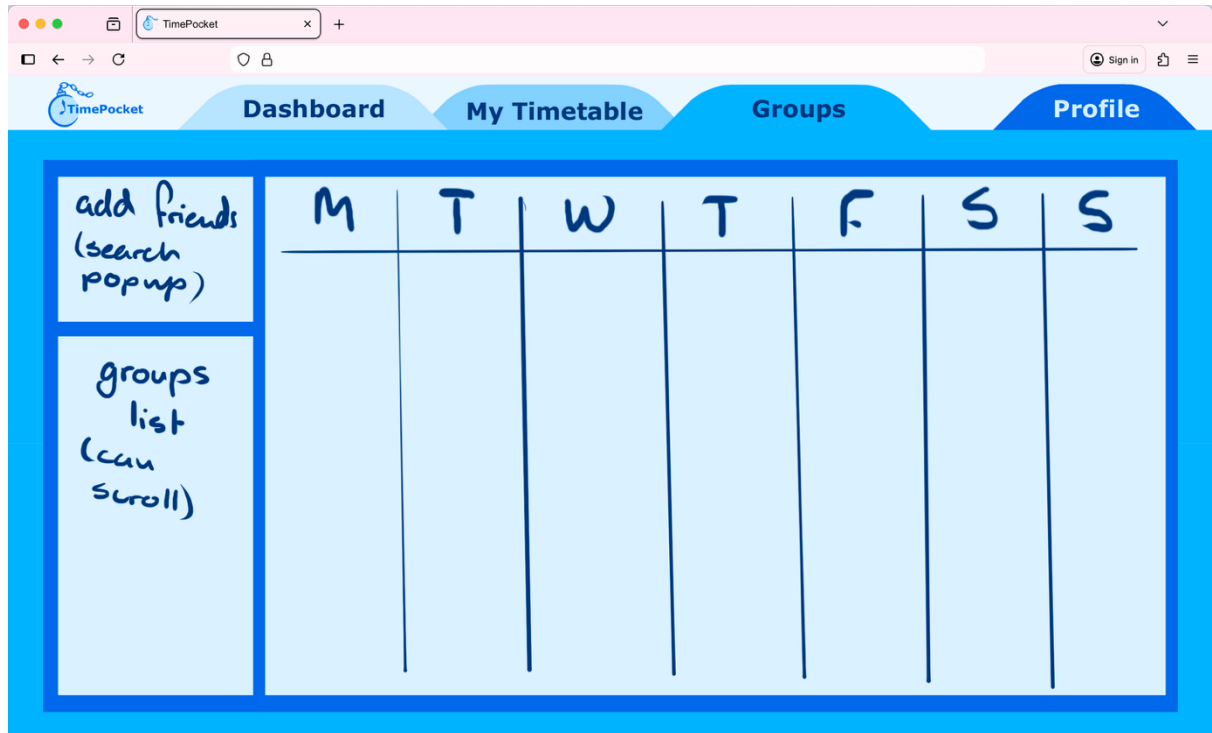

Personal Timetable

Notes transcribed:

- Month
- Event categories

- Groups
 - o Contains a list of friend groups, and can display the joint timetable of a selected group.
 - o Will likely change as we build the timetabling system.
 - o Not on plan: needs a button to create new groups.

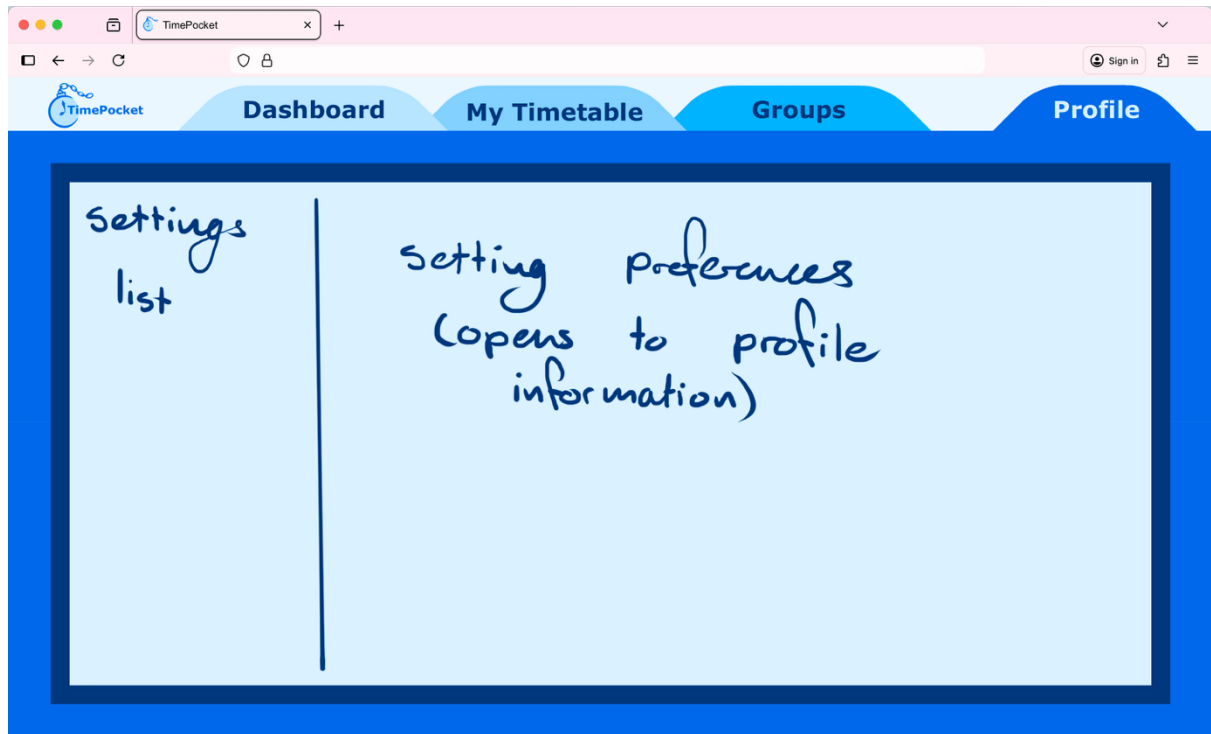

Groups page

Notes transcribed:

- Add friends (search pop-up)
- Groups list (can scroll)

- Profile
 - o Contains user settings, such as profile information, visual settings, preferences, and any other settings that can be adjusted by the user.
 - o Opens to profile information.

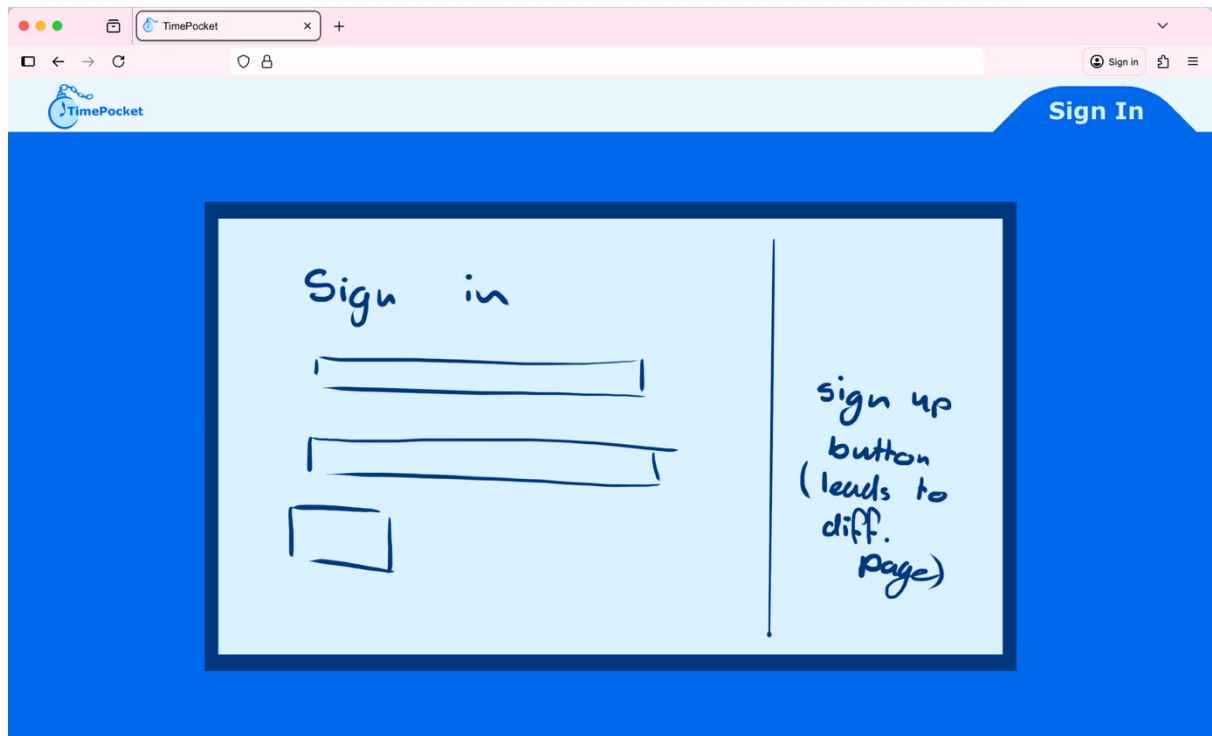

Profile

Notes transcribed:

- Settings list
- Setting preferences (opens to profile information)

- Sign in page
 - o Located in same position as "Profile" page when not signed in.
 - o Sign up page is separate from sign in page, but is accessed through this page.

Sign in page

Notes transcribed:

- *Sign in*
- *Sign up button (leads to diff. page)*
